**Join Maria Bailey, keynote speaker and moderator,  
along with our impressive line-up of speakers  
for this educational and inspiring networking event!**

Moms in Business Unite has created an event which provides four educational tracks focusing on Women in varying stages of their business. If you are a woman business owner or inventor who has a product idea, ready to launch her product or wondering what's next, the Moms in Business Unite conference will give you the opportunity to interact those that have gone through the process with great success! The education and networking is valued at over \$1,500 (\$85 is worth it for the networking exposure alone!).

Wendy Robbins, who co-starred with Kelly Ripa in the TV series *Homemade Millionaire* will be one of our guest speakers. Wendy currently works with HSN to scout new products and inventions on their behalf, so this would be a wonderful opportunity for attendees to speak with her, get advice or pitch their product!

During the half-day conference, topics will include:

- Patents & Licensing
- Locating a Manufacturer
- Using Social Media to Market Your Business
- Entering the Retail Marketplace and Growing with Big Box Retailers
